### \*SNIJRICHTING - DIRECTION DE COUPE - SCHNITTRICHTUNG

Doordat de liggelimenen in een andere richting geknipt worden, kan er een kleurnuance ontstaan, die geaccepteerd dient te worden.

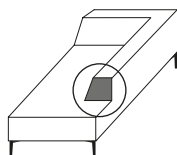

Vu que le tissu pour toutes les chaises longues est coupé dans une autre direction, une nuance de couleur qui devrait être acceptée, pourrait se produire.

Da der Stoff für alle Liege-Elemente in eine andere Richtung geschnitten wird, kann eine Farbschattierung entstehen, die akzeptiert werden soll.
